#### Microbiological tests

Culture for E.coli, Salmonella spp, Clostridia spp, Listeria, Campylobacter spp, yeasts and moulds, water monitoring, Feed monitoring.

See pricelist for other tests available.

### Submitting samples

After collection forward samples

By **express post** to

ACE Laboratory Services

PO Box 6101

White Hills, Vic 3550

Or **by courier** to:

ACE Laboratory Services

Lot 3, Gildea Lane

Bendigo Vic 3550

We recommend that samples be submitted early in the week to ensure prompt delivery to the Laboratory.

### Testing.

Our mail is checked at 9.00 each morning.

Couriers deliver by 11.00 am.

Samples are processed as soon as they are received and results are reported as soon as testing is completed. Interim reports will be issued if all testing is not completed at the same time.

### Results

Results are faxed to:

- ∞ The submitter and anyone else indicated on the submission form
- ∞ Your veterinary advisor if required.

### Cost

A price list is available on request. Contract rates can be negotiated.
